Tangible[®]

This coverage is invaluable in facing the changes a serious illness can bring.

Depending on your budget, you have two choices: the basic benefit or the deluxe benefit.

As the table of ILLNESSES/CONDITIONS COVERED shows, the basic benefit covers five critical illnesses and the deluxe benefit covers 24 critical illnesses and 2 non-critical illnesses.

In case of a diagnosis of one of the illnesses or conditions covered under the benefit, you will be paid a lump-sum amount for a critical illness or, if you have selected the deluxe benefit, a percentage of the amount insured for a non-critical illness. However, you must be alive at the end of a 30-day survival period to collect the benefit.

If you have selected the deluxe benefit and it is still in effect on the contract anniversary coinciding with or following your 100th birthday, Blue Cross undertakes to pay the amount insured under your contract.

1 Critical illness

Blue Cross will pay 100% of the amount insured selected. However, this amount may be paid only once.

2 Non-critical illness (Deluxe benefit only)

Blue Cross will pay 10% of the amount insured selected. However, this amount may be paid only once and may not exceed \$25 000.

3 Reimbursement of expenses in case of critical or non-critical illness

If you are diagnosed with a covered critical or non-critical illness, Blue Cross will reimburse the following expenses:

- **Adaptation**

Costs of services of an occupational therapist and of necessary adaptations to your car and principal residence should you suffer a permanent motor impairment, to a lifetime maximum of \$5 000.

- **Travel expenses**

Travel expenses incurred to receive care or medical follow-up, to a lifetime maximum of \$2 500.

- **Costs of household help and/or childcare**

Costs of household help and/or childcare provided by a person who does not live with you, to a daily maximum of \$25 and a lifetime maximum of \$1 000.

PREMIUM REFUND • CRITICAL ILLNESS

Blue Cross will refund a percentage of the premiums paid for this benefit and for the CRITICAL ILLNESS benefit should you decide to terminate these benefits.

This benefit also provides for refund of premiums in the event of death, unless it occurs during the survival period.

You can choose between two premium refund options:

PREMIUM REFUND (20)

The percentage refunded under this option is shown below. It is based on the number of years during which the amount insured under the CRITICAL ILLNESS benefit is in effect.

15 years	75%
16 years	80%
17 years	85%
18 years	90%

In all cases, claims paid under the CRITICAL ILLNESS benefit are subtracted from the refund.

Reduction in coverage

You may request a reduction in coverage, in which case you are entitled to a refund of a percentage of the premiums on the cancelled amount insured. The percentage to which you are entitled depends on which option you have chosen and is shown in the table above.

PREMIUM REFUND (65)

The percentage refunded under this option is shown below. It is based on your age at the time of the refund.

Your age at the time of refund	Percentage of premiums refunded
Under 60 years of age	0%

Tangible[®]

Today, many critical illnesses can be cured, or at the very least controlled for long periods of time. The CRITICAL ILLNESS MULTI-PROTECTION benefit for your child offers essential protection during these most trying times of your life.

Should your child be diagnosed with one of the illnesses or conditions covered under this benefit, a lump-sum amount will be paid to you if it is a critical illness, and a percentage of this amount if it is a non-critical illness. However, your child must survive at the end of the 30-day survival period for the benefit to be collected.

If the CRITICAL ILLNESS MULTI-PROTECTION benefit is still in effect on the contract anniversary coinciding with or following the insured's 100th birthday, Blue Cross will pay the amount insured under the contract.

There are several components to this coverage:

1 Critical illness

Blue Cross will pay 100% of the amount insured selected. However, this amount may be paid only once.

2 Non-critical illness

Blue Cross will pay 10% of the amount insured selected. However, this amount may be paid only once and may not exceed \$25 000.

3 Reimbursement of expenses in case of critical or non-critical illness

If your child is diagnosed with a covered critical or non-critical illness, Blue Cross will reimburse the following expenses:

- **Adaptation**
Costs of services of an occupational therapist and of necessary adaptations to your car and principal residence should your child suffer a permanent motor impairment, to a lifetime maximum benefit of \$5 000.
- **Travel expenses**
Travel expenses incurred for your child to receive care or medical follow-up, to a lifetime maximum of \$2 500.
- **Cost of household help and/or childcare**
Costs of household help and/or childcare provided by a person who does not live with the child, to a daily maximum of \$25 and a lifetime maximum of \$1 000.
